Licking

That's how you greet me? I've returned from my vacation. Welcome me back.

...What do you want?

プリー

Morn-iiing!

Me? I'm well.

EEEK! How are you, darling?

Vaca-tion?

Oh...

LICK

And those *ears!* I just want to gobble them right up.

Your eyes are as pretty as always.

Where did you go?

プリ

プリ

Oh...

Ahhh...

You too, pretty eyes!

Come by the store later, okay?

Oh, you're so cold...!

What's wrong?

Bye-eee!

プリリ

My, a vacation... I'm jealous.

Let's go on one.

Who goes around licking people's ears?!

Hah?

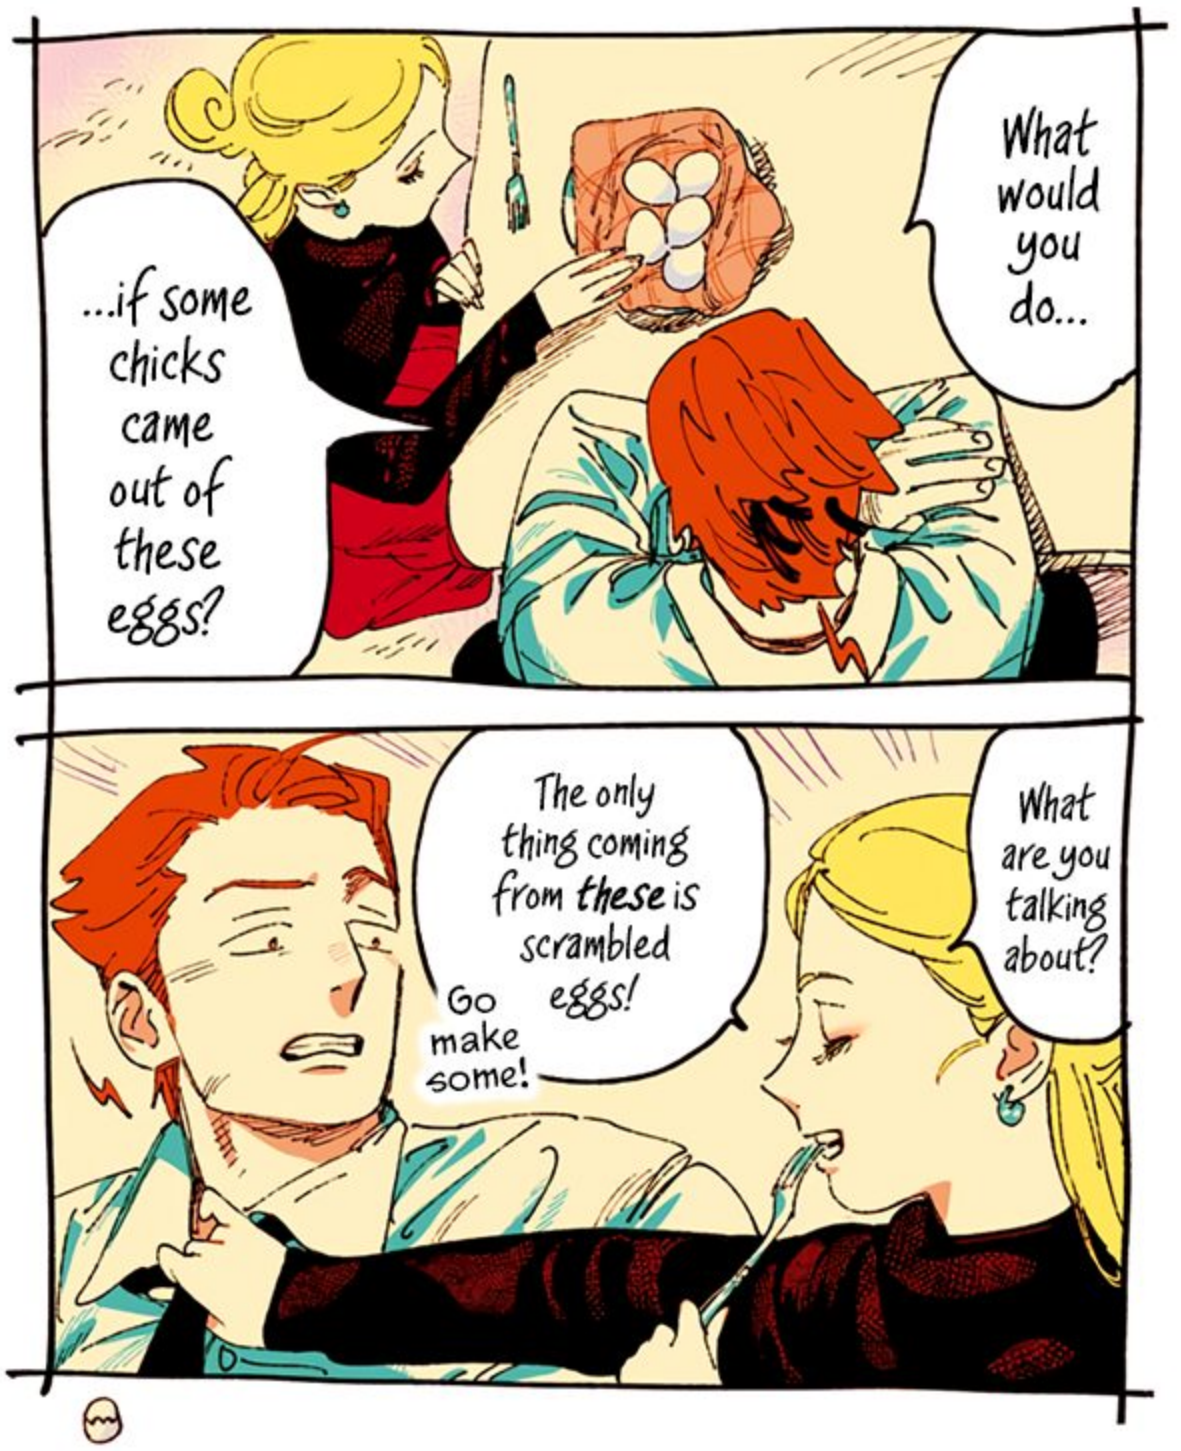
Eggs



...if some chicks came out of these eggs?
What would you do...
The only thing coming from **these** is scrambled eggs!
Go make some!
What are you talking about?

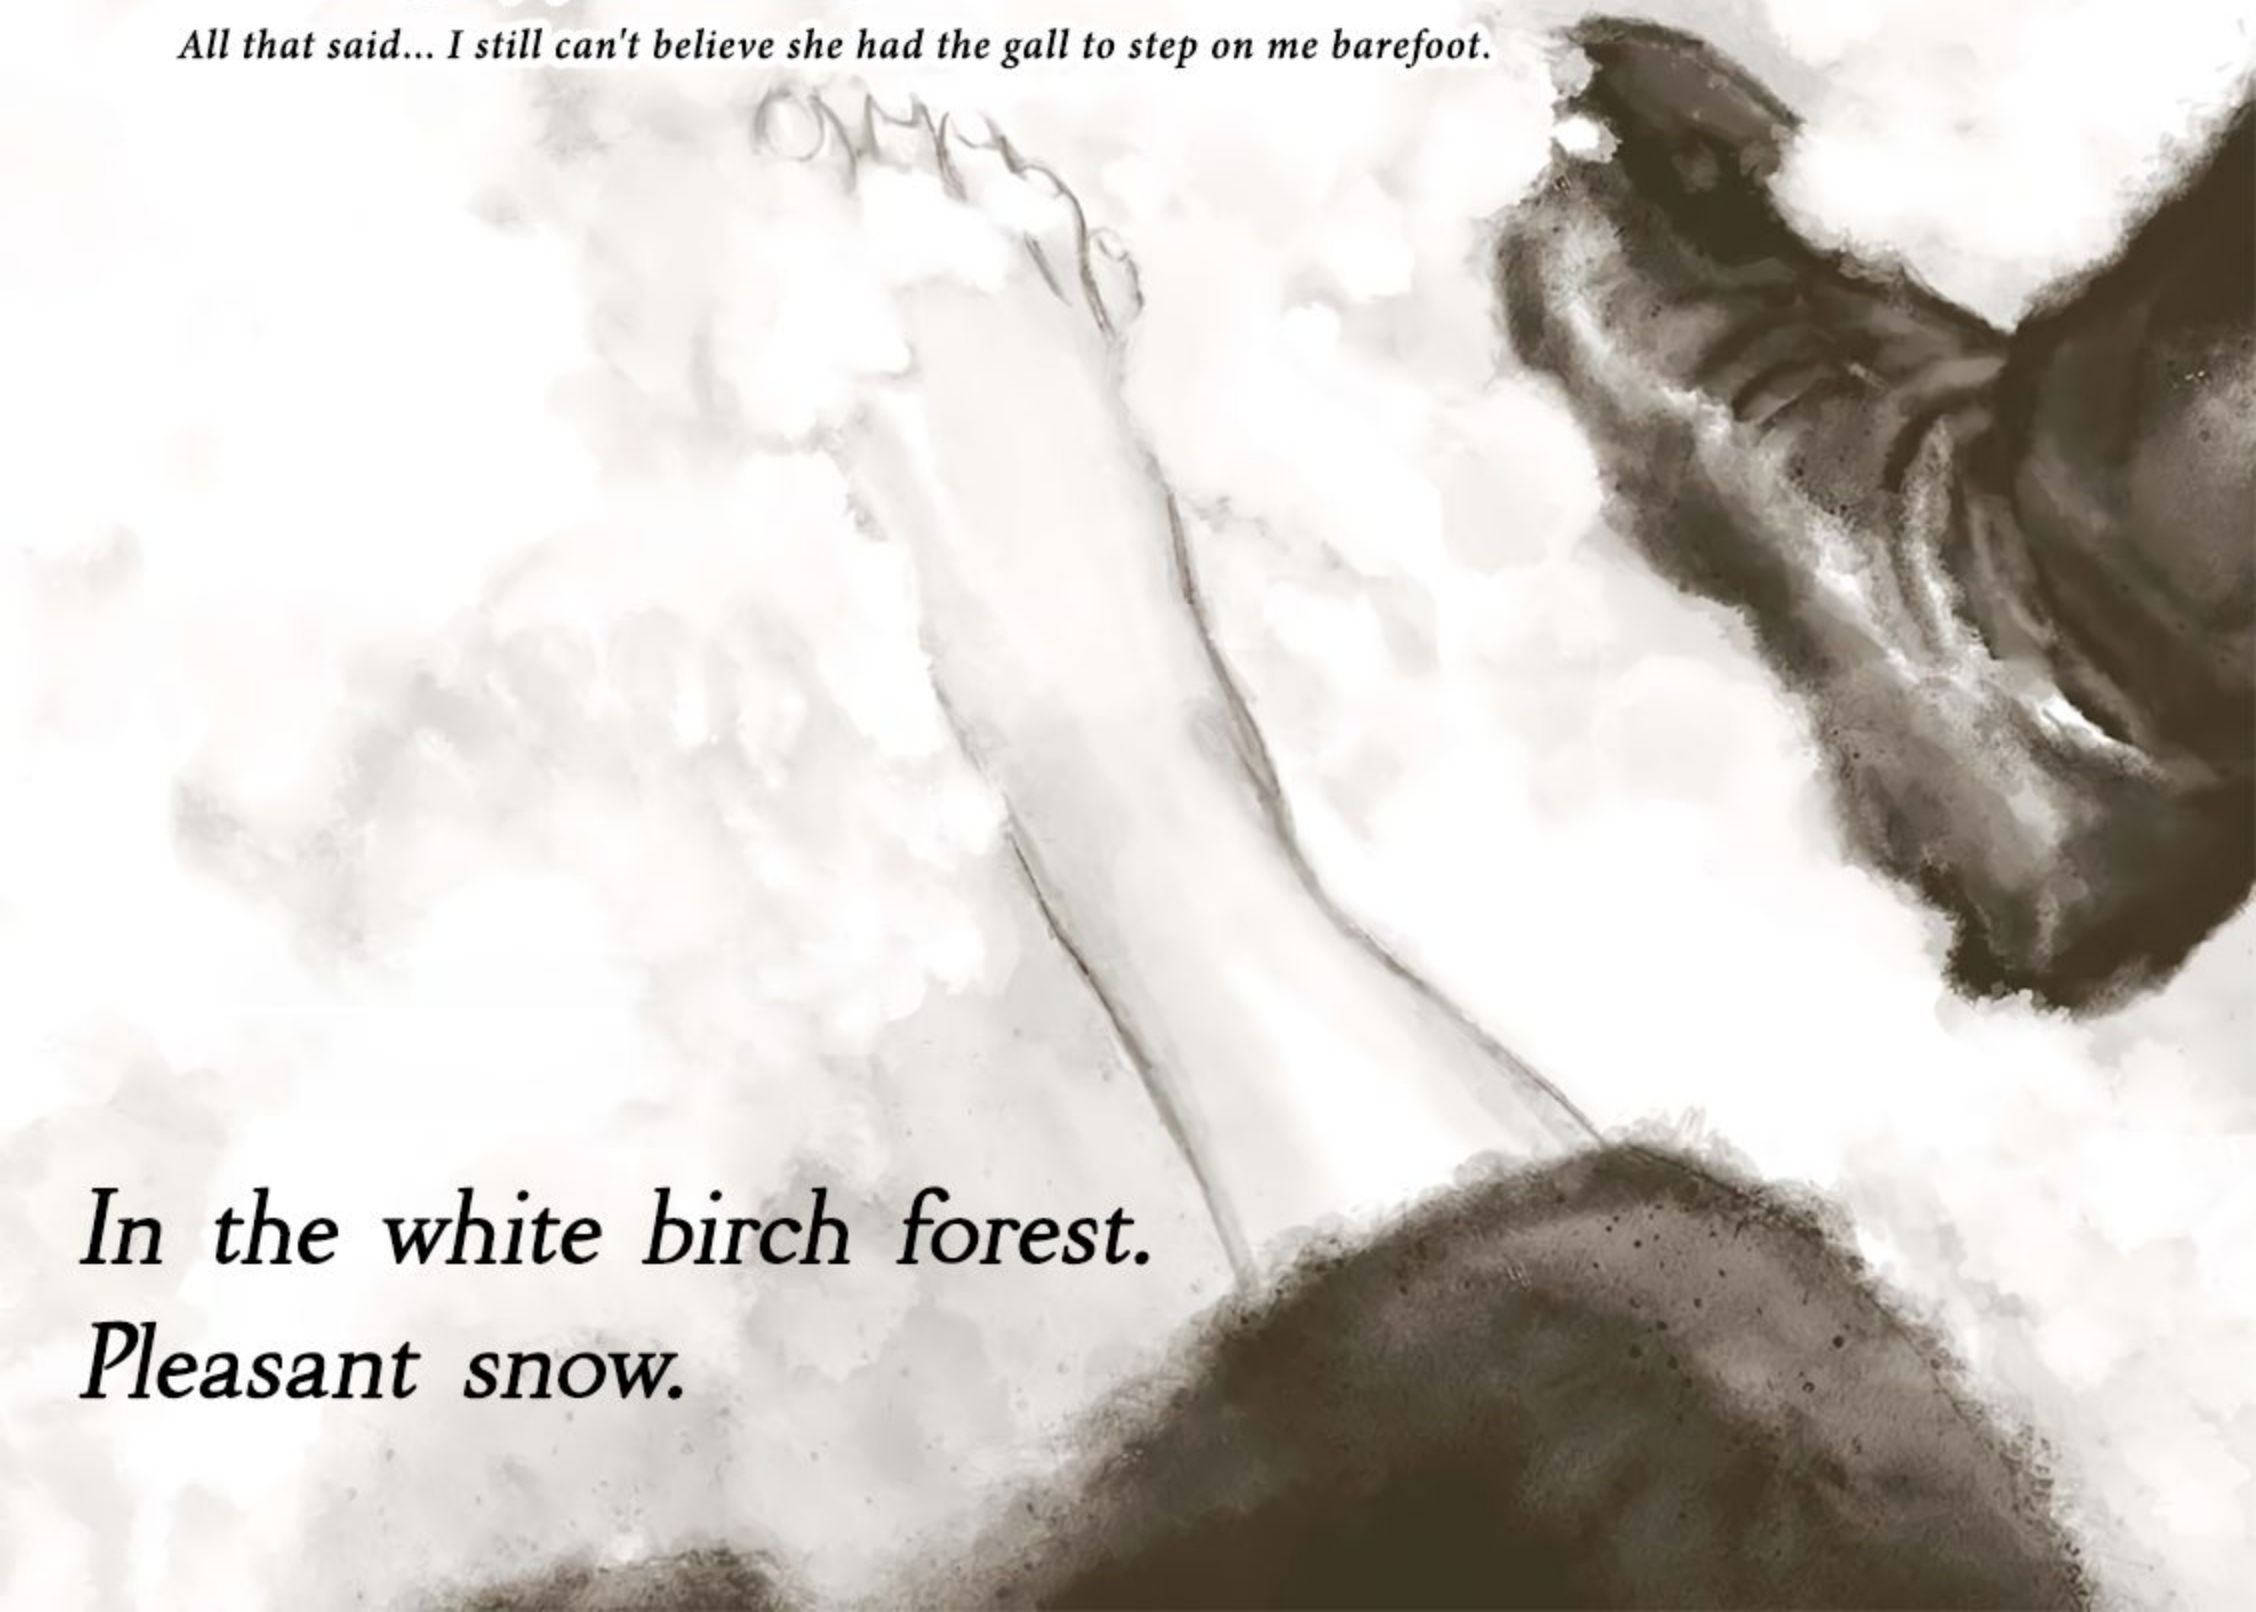
Barefoot!
She's taken off her boots and trod on me with bare feet!
I know hands.
They're the one's that scrape chunks off me,
ball them as tight as possible and throw them at other humans.
That's been a pastime of theirs since long ago.
Today was the day I came to learn how pleasant the feeling of an unboted foot can be.
Through their roots, I feel the white birches look on with intent curiosity.
They're a cold-hearted lot who don't consider the possibility of accidentally harming this skin,
these bare feet.

Meanwhile, I am in constant worry that my constituition may cause their delicate fingers,
bodies and insides to freeze, seriously.
I don't care for piercing shovels,
but the soft feathery sensation of her poor bare feet left a little longing in me.
Make sure to warm them back up when you get home, please.
Personally, I would never wish for warmth,
but I hear that humans feel reassurance from warming up their colder parts.

What did I tell you? Now her feet are all red.
Bone-chilling proof of her heated delight.
All that said... I still can't believe she had the gall to step on me barefoot.



In the white birch forest.
Pleasant snow.
